other ignition source.
Keep out of the reach of children.
Protect from getting product
in the eyes.
Do not inhale.

Our Medicare® Ice Spray is a cooling spray for the relief of pain after sports injuries and contusions.

This non-medicated, cooling propellant has an instant cooling effect to give temporary relief. It can also be used in conjunction with cold packs.

RECOMMENDED USE:

Shake before use.

Product should be sprayed directly at the place of injury/contusion from a distance of 20 centimetres for roughly 1-2 seconds.

This action should be repeated 2-3 times a day.

For children the product should only be used under adult supervision.

CONTRAINDICATIONS AND PRECAUTIONS:

Hypersensitivity (allergy) to product ingredients.

Do not use on children under 2 years of age.

Do not use on open, unhealed wounds and sensitive skin (including face and neck).

Spraying from a shorter distance than 20cm may cause frostbites or skin burns.
