

FungeX[®] Fungal Nail Plaster

Effective fungal nail treatment

FACT BOX

Product Code:
MD1916

Product Category:
Footcare.

Composition:
Urea, 1,3-Butylene Glycol,
Fumaric Acid.

Caution: For external use only.

Avoid using on irritated or sunburned skin and in direct contact with eyes, mouth, mucous membranes, wounds or inflamed skin. Stop using if your skin turns reddish, swollen or is itchy while using or after use. Do not use this plaster if you have experienced an adverse reaction to any other plaster or patch type. Do not use if you are allergic to any of the ingredients listed. If any of the side effects become serious, please contact your doctor or pharmacist.

Medicare FungeX[®] Fungal Nail Plasters provide expert care through the continual release of the clinically proven ingredients for a maximum of 6-8 hours. They also provide excellent moisturising effects, promote the improved appearance of discoloured and deformed nails, gently smooths the outer layers of the nail plate, and prevents the re-growth of fungal infection by changing the nails micro-environment.

FEATURES

- Prevents the re-growth of fungal infection.
- Treats nail fungus and discoloured, deformed nails.
- Easy and precise spot-on application.
- Comfortable and specifically designed nail shaped plaster.
- 14 plasters per pack.
- Visible results within 2 weeks.

DIRECTIONS:

Apply plaster once daily, preferably before bedtime. Clean the affected area and remove any nail varnish, dust or oils. Most effective when used for 8 hours.

RECOMMENDED USE:

Fungal nail treatment. FOR ADULT USE ONLY. Keep out of reach of children.
