x1 Nosepiece
x10 Filters

The Medicare V1 Compressor Nebuliser is a robust nebuliser ideal for home based, frequent use by adults or children. This highly effective nebuliser combines a short inhalation time with intelligent medication delivery thanks to its powerful compressor. The compressor generates a steam of compressed air which breaks up liquid medication and converts it into a mist so it can be easily and more effectively inhaled by the patient through the mask, nosepiece or mouthpiece.

FEATURES

- Easy to use.
- Short inhalation time.
- Ideal for home based, frequent use by adults and children.

DIRECTIONS:

1. Hold the medicine cup upright and turn on the nebuliser.
2. Inhale the medication as instructed by your physician.
3. Turn off the nebuliser once you are finished with the medication.

RECOMMENDED USE:

Suitable for people with respiratory illnesses like Asthma, COPD & Cystic Fibrosis.
