**Hypoallergenic**

Medicare Waterproof Kids Plasters are a comfortable and convenient way to keep wounds clean, ventilated and protected by providing long lasting, reliable adhesion.

It consists of an ultra-thin strip with a skin friendly, strong adhesive which provides superior protection against water, germs, and dirt.

### FEATURES:

- Hypoallergenic
- Waterproof
- Highly Breathable
- Durable and Flexible

### DIRECTIONS:

1. Always clean your hands before and after dressing a wound.
2. Carefully clean wound and surrounding skin with water, Medicare Sterile Saline Solution or Alcohol-Free Cleansing Wipes.
3. Dry the skin and apply the plaster.
4. Replace when necessary, at least once daily.

### CONTRAINDICATIONS AND PRECAUTIONS:

This device is not applicable for any human body part which is burnt, or scalded. This device is not applicable for any person who is allergic to adhesive.
