x1 Mouthpiece
x1 Connecting tube (1.5m)
x1 Adult mask
x1 Child mask
x1 Nosepiece
x10 Filters

The Medicare Compressor Nebuliser is a robust nebuliser, ideal for home based, frequent use by adults or children. This highly effective nebuliser combines a short inhalation time with intelligent medication delivery thanks to its powerful compressor. The compressor generates a steam of compressed air which breaks up liquid medication and converts it into a mist so it can be easily and more effectively inhaled by the patient through the mask, nosepiece or mouthpiece.

FEATURES

- Fast inhalation time.
- High proportion of respirable particles.
- Practical storage compartment for the accessories.
- Ideal for home based frequent usage.

DIRECTIONS:

Hold the atomiser upright for it to work correctly during treatment.

RECOMMENDED USE:

Suitable for people with respiratory illnesses like Asthma, COPD & Cystic Fibrosis.
