Schiller BR-102 Plus Ambulatory BP Recorder

The Schiller BR-102 Plus Ambulatory BP Recorder is a discreet, compact, long term blood pressure monitoring unit which provides the highest level of accuracy yet lets the patient go about their daily lives undisturbed. Using both auscultatory and oscillometric measurement, the motion-tolerant technology prevents re-inflation and failed readings.

FEATURES:

- Recording for 24 or 48 hours.
- Voice recording of patient data.
- Examination of adults and children thanks to a special algorithm.
- Oscillometric & auscultatory measurement.
- Uses special technique. Cuff only inflates as much as needed. Unit can barely be seen, felt or heard during use.
- Free programming and storage up to 4 individual measurement programmes.
